¹Risk factors included delayed enrollment, being a GED recipient, being financially independent, having children, being a single parent, part time attendance, and working full time while enrolled.

Passed tests of General Educational Development or high school equivalent, also includes a small number of cases with no high

school diploma.

Table 1.5—Percentage of 1989-90 beginning postsecondary students who ever attended selected types of institutions as of spring 1994, by first institution attended, first degree working toward, and highest degree attained
